The firemen do not ride upon it, but tell behind at a shuffling run, the hallcross impression produced being that they have been rather late in responding to the alarm, and the "engine" having got of to time, they are

eing their best to catch up to it. Watching this singular body at the rehearsals in the street of Constanti-nopie one is led involuntarily to in-dulge in Sippant operantion as to what might happen in a genuise

If the implous curiosity so around can be gratifed the sightneer will she serve that the fuss and bother comm quest upon the brigade coming loss action cause more commotion and on chement than the fire.

The senior freman, a respicadesis brancheimeted figure armed will sword and pistol, directs operation from a distance which pinces him we within the enfety some. For Committeeman of Breton Township, representing the Socialist-Labor Party:

Within the enfety some.

Hydrants, of course, are unknown. If fate has ordained that there is a well in the vicinity—well and good; the brigade boasts a hand pump. This is a gandily colored, box-like apparatus bearing the emblem of the sing and creacest in glittering beans and it is carried upon two poins by a harofacted squad detailed for that supecial duty.

A reposer proceeds it, coursier is

A runner precedes it, energing a symbol of authority—a brane star and cruscent upon a short staff—which insures a free passage through the

When after considerable diff. of opinion it is decided where to the pump the squad gets to work upon Presently a feeble jet of value emerges from a home startedy larges than that which may be seen in any suburban garden during the statumer.

seharban garden during the assumer. The freemen direct it upon ther part of the building which there appears to be at least hope of saving, while other members of the brigade armed with long hooked poles assist in the work of demolition by pulling down the partially consumed walls.

There can be only one end with this delicated method. It becomes a guess

as to which will first complete the job—the fire or the brigade. In the long run, as a rule, the odds are on the fire.

Lived Thirty Years on Piller.

A shepherd of Cilicia named Simons, new known in church bistory as St. Simons Stylltes, was the founder of tyres, but usually known as Pulse to and its most con With the idea of gr hvor of heaven and attaining thip on earth, he took up his re en a pillar, or colum set three feet in dis
